

## Doing Science Lessons

### Books

#### Doing Science- I Wonder- Lower Elementary

##### **What Is a Scientist?**

By Barbara Lehn. (1999, Lerner Publishing Group)

Just what is a scientist anyway? This book shows kids predicting, measuring, experimenting ...being scientists!

#### Doing Science- I Wonder- Upper Elementary

##### **100 Scientists Who Shaped World History**

By John Hudson Tiner. (2000, Bluewood Books)

This book for young adult readers showcases great men and women of science who significantly contributed to our understanding of the physical world around us.

##### **Inventors and Inventions (Grades 4-8)**

By Lorraine Hopping Egan. (1999, Scholastic Professional Books)

This book provides students with activities to help them explore the history of inventors and inventions and develop scientific problem-solving skills.

##### **Isaac Newton: The Greatest Scientist of All Time (Great Minds of Science)**

By Margaret J. Anderson. (2001, Enslow Publishers, Inc.)

Offering details about Newton's childhood and life, this age-appropriate book highlights his dedication to science and mathematics.
